

ABA STANDARD Galvanized steel hose clamp Original Swedish ABA clamp

Technical specifications:

The steel has a special Aluzinc alloy coating, which corrosion protection is three times more powerful than the original Hot-dip galvanizing. The band has smooth interior and the edges are rounded to avoid damage to the hose.

Bolt head width: 7 mm

Standard: DIN 3017

The product is a permanent storage lots. Meantime, we hold the right of selling the stock in products.
