

Airflex/PU/FOOD Polyurethane suction hose with smooth, polished interior

Technical specifications:

It's a food quality polyurethane suction hose, which is suitable for both liquid and solid food, up to 40°C, and for air, chemical fumes, dust, wood chips and the transport of insulating materials. The hose is really flexible and abrasion resistant. Cross section area maintained when it bent, because the wall between the spirals crease outwards.

Felirat: ® AIRFLEX®/PU/FOOD - EG 10/2011 - SIZE - lot-no

Heat resistance: -25°C/+85°C

Structure: polyurethane, transparent, entirely smooth interior, shock-resistant PVC spiral, corrugated exterior

Bending radius: 1 x inside Ø

Standard: EU Food quality standard 10/2011 A, B, C, D1, D2, E

Storage lots, splitting of the rolls are possible. Meantime, we hold the right of selling the stock in products.
