

# Airflex/PU/FOOD/AS Suction hose with smooth polished interior and static-wire

## Technical specifications:

It's a food quality polyurethane suction hose, which is suitable for both solid and liquid food, up to 40°C, and for air, dust, wood chips, granulate, insulating material and other similar medium.

The hose is really flexible and abrasion resistant.

Cross section area maintained when it bent, because the wall between the spirals crease outwards.

Static charge dissipation is possible by grounding the static wire.

**Felirat:** ® AIRFLEX®/PU/AS/FOOD - EG 10/2011 - SIZE - lot no

**Heat resistance:** -25°C/+85°C

**Structure:** polyurethane, transparent, entirely smooth interior, shock-resistant corrugated exterior with PVC spiral, it can be grounded by the steel wire helix

**Bending radius:** 1 x inside Ø

**Standard:** 10/2011 A, B, C, D1, D2, E

Storage lots, splitting of the rolls are possible. Meantime, we hold the right of selling the stock in products.
