

DMS-1 Manual hose reel Made of stainless steel

Image not found or type unknown

Technical specifications:

The industrial design makes it suitable for the high pressure cleaning hose manual retracting, and for the food industry. The material is stainless steel AISI 304 / AISI 303.

The article number, the coupling sizes and the hose's capacity are in the chart below.

Operating pressure: 200 or 600 bar as well as for a larger size 20 or 80 bar

Operating temperature: 90 C

Mounting: one or two sided fastening

The article number does not include the hose.

The hose on the picture is only illustration; it has to be ordered separately.

Hose inside ø (mm)	Hose length (m)	Wall mounting	Coupling	Coupling (from the hose side)	Weight (kg)	Article number
10/12	50/35	one sided	1/2	1/2	12	DMS 310
10/12	50/35	two sided	1/2	1/2	12	DMS 610
19/25	20/10	one sided	1	1	12	DMS 320
19/25	20/10	two sided	1	1	14	DMS 620
10/12	70/50	one sided	1/2	1/2	12,5	DMS 510
10/12	70/50	two sided	1/2	1/2	12,5	DMS 710
19/25	35/20	one sided	1	1	13	DMS 520
19/25	35/20	two sided	1	1	15	DMS 720
