

Motoric hose reel With hydraulic, electronic or pneumatic motor

Technical specifications:

In case of a bigger amount of hose, or with larger diameters a mechanical spring force is not enough. The retractable reel can be equipped with a hydraulic, electronic or pneumatic motor.

These hose reels are usually unique solutions, request a quotation. In the chart below, there are the more often occurring hose sizes and quantities.

Just for order!

Inside diameter of the hose mm	Hose length m
6 mm	100-150 m
10 mm	100-150 m
12 mm	100-150 m
19 mm	50-60 m
25 mm	40-50 m
