

Polyflex Clear braided multipurpose hose

Technical specifications:

The PVC hose has a clear fabric insertion and it is persistent against water, air, and weak chemicals. Also, the hose is non-toxic. It meets the regulations of the EU for food and plastic which contacts food (according to EU 10/2011 A, B, C category - Food quality).

The operating data is valid on 20°C.

It's a good quality, strong and durable hose.

Some diameters are available in red and blue colour too.

Felirat: ® POLYFLEX REG. EU 10/2011 - átmérő - PN XX BAR

Bursting pressure: 3 x operating pressure

Heat resistance: -20 °C / +60 °C

Structure: transparent PVC, smooth interior and exterior

Label: white label on blue base

Linings: white, reticulated polyester fabric

Standard: EU Food quality standard 10/2011 Category A,B,C

Storage lots, splitting of the rolls are possible. Meantime, we hold the right of selling the stock in products.
