

Pyroflat/White Layflat industrial hose with rubber interior

Technical specifications:

The layflat water hose has a polyester cover, and rubber interior. It is suitable for the construction sector and agricultural use, for example as discharge hose for pumps. The EPDM rubber interior has a great resistance against chemicals, cold and higher temperature.

Felirat: logo - PYROFLAT

Heat resistance: -30°C / +80°C

Interior: black, EPDM rubber, ageing and ozone resistant

Exterior: white, circular weaved polyester fabric, UV and ozone resistant

Storage lots, splitting of the rolls are possible. Meantime, we hold the right of selling the stock in products.

20 m length assembled with Storz coupling

Size	Length (m)	Article number
