

Blue silicone tube Straight 1000mm

Technical specifications:

The silicone tube has a fabric insertion. It is flexible and has a great heat, UV, ozone resistance. It is also electrically insulating.

Field of use: automobile industry, auto tuning, auto racing, sailing, industrial engines

Length: 1000 mm

The diameters are available in different colours, request a quotation!

Heat resistance: -60°C / +180°C

Hardness: 65°-75° Shore A

Tensile strength: 6,0 Mpa

Linings: 3-4 layers of polyester fabric reinforcement

The product is a permanent storage lots. Meantime, we hold the right of selling the stock in products.
