

VENTIFLON 250 AS Solvent and heat-resistant electrically conductive PTFE spiral suction hose - COPY

Technical specifications:

The hose is electrically conductive, chemical and solvent resistant. The flexible suction hose is suitable for chemical steams and gases. The hose is thin-walled, flexible with stainless steel helix reinforcement. It does not apply for solid materials transportation.

Other diameters can be ordered up to DN 1000!

Heat resistance: -150°C / +250°C (for short time +270°C)

Interior: black, teflon

Exterior: black, teflon with stainless steel spiral

Roll size: 3-6 m -it can be manufactured with different diameters

Electrical resistance: 106 Ohm

Standard: ATEX 2014/34/EU, TRGS 727

Will be manufactured with short delivery time. MOQ 3 m
